

BLEND PREP XL

Durable Synthetic Tack Cloth

Close up of Apertured mesh

By popular request, the Gerson® Blend Prep™ dry tack cloth for basecoat and between-coat cleaning, is now available in an Extra Large, double size that provides more bulk and working ease.

The new 18" x 18" Blend Prep XL is produced with synthetic hydro-entangled fibers that are locked together to provide a lint free, durable and tear-resistant fabric. The special dry tackifier formulation picks up all surface contamination and the fabric surface is apertured to hold the captured dust and particulates within its pores.

The Blend Prep XL is packaged 10 per display box, 12 boxes per case of 120.

Summary of Features:

- Dry Tack
- Designed for waterborne; compatible with all paints
- Apertured to pick up and hold all particulates
- Synthetic hydro-entangled fibers are locked together for a lint-free, durable and tear-resistant fabric.
- Extra Large 18" x 18" size
- Gerson Quality
