

Cartridge Respirators

The Signature Series® Low maintenance Respirator Facepiece

As with all Signature® products, this Gerson NIOSH approved facepiece offers state-of-the-art design, performance and comfort. It is formed from a soft, non-allergenic elastomeric material that is smooth and comfortable on the face. The cradle suspension and easy-adjust head-straps facilitate a proper and comfortable fit.* Each facepiece is packaged with the patented hygienic Form Guard® that helps to maintain the shape and cleanliness of the facepiece after use.

**Hygienic
Form
Guard**

Respirator Packaging:

1 Facepiece/box: 24 bags per case. #0871287 9100: Small, #0871483 9200 Medium, # 0871484 9300 Large

The Signature facepiece is for use with the Signature Series cartridges and filters that provide a low profile, swept-back design for a greater field of vision and normal use of glasses or goggles.

*OSHA regulations require fit-testing of respirators prior to use in order to determine if proper fit is attainable. Individual facial features may prevent proper fit.

Quality Dual Cartridge Respirators
